Spray Cryotherapy

Tuesday, October 17

Breakfast Session G: Controversies in Barrett's Esophagus

6:45 – 8:15 am - Room W311E

Cut, Burn, Freeze: What is the Best Weapon for Dysplastic BE?

Presenter: Nicholas Shaheen, MD, MPH, FACG

Poster session: 10:30 am – 4:30 pm

P1991 - Esophageal Cryoablation Using Retrograde Per-gastrostomy Ventilation in a Patient With Pharyngoesophageal Stenosis

S. Solomon, MBBS, D. Kohli, MD, G. Smallfield, MD

Symposium 4A: Progress Against Esophageal Cancer

5:00 – 6:15 pm - **Valencia BC**

5:40 – 6:00 pm - Progress in the Treatment of Squamous Esophageal Dysplasia and Early-stage Cancer

Presenter: Kenneth Wang MD, FACG

In Booth Presentations

Sunday – 4:30 – 5:00 pm

Impact of Liquid Nitrogen Endoscopic Spray Cryotherapy on Overall Survival in Metastatic Esophageal Cancer

Presenter: Toufic Kachaamy, MD

Monday – 4:00 – 4:30 pm

Cryospray Ablation: Cutting Edge Clinical Applications for the Extended Treatment of Barrett's Esophagus and Adenocarcinoma

Presenter: Neil Sharma, MD

Hands-on Endoscopy Workshop

Mucosal Ablation Station - Exhibit Hall WB1 - Room 3

Monday: 1:45 - 3:00 pm and 3:15 - 4:30 pm

Tuesday: 10:30 - 11:45 am and 12:15 - 1:30 pm
